

Wilson 187

My dear Sir

A mem. on the
label of Populus 243 + 244 Fremonts 1846
"Deer Creek at "Lassens" on the Upper
Sacramento" -

I send from "Shots specimen" a
fruit but not ripe all specimens are
immature - from the Ohio River below
Louisville - marked Cotton wood P. Can-
adensis, N.Y. and marked by Dr. J. angulata?

Will you be kind enough to tell
Dr Gray that Chavannes Monograph
not in this library, has he received the
check from the Treasurer yet?

Truly yours

P. H. Roy
